*Based on 20th reunion feedback, regarding fewer bulky giveaways during check-in, we have made higher-end Class of '96 merchandise available online. We will also open the '96 class store website again this summer leading up to the reunion. Similar to other classes, our intention is to open the class of 96 merchandise website yearly following our 25th reunion.*

*The Merchandise on our class website is provided by Anchor Enterprises, the same company that provided merchandise for our previous Class Reunions. This year, Eddie Bauer products are being offered for the first time. Anchor Enterprises has experience running other USNA Class merchandise websites and our initial offerings are based on popular selling products.*
